2021/1471 (2020/2236) Movement within the union of aquatic animals intended for

UNION human consumption – Model AQUA-INTE					- Model AQUA-INTRA-HC	
	II. Health info	ormation				
Part II: Certification		and infect	tion with Ostreid herpes virus 1 μvar	 (OsHV-1 μvar)		
		The consignment originates from a (1) \square [Member State], (1) \square [zone] (1) \square [compartment] which fulfils the health guarantees as regards (1) \square [KHV], (1) \square [SVC], (1) \square [BKD], (1) \square [IPN], (1) \square [GS], (1) \square [SAV], (1) \square [OsHV-1 μ var] which are necessary to comply with the national measures which apply in the Member State of destination, and for which the Member State or part thereof, is listed in (1) \square [Annex I] (1) \square [Annex II] to Commission Implementing Decision (EU) 2021/260.]				
	II.5. To the best of my knowledge, and as declared by the operator, the aquatic animals in the show no disease symptoms and come from (1) \square [an establishment] (1) \square [a habitat] who					
Ser		(i)	there were no abnormal mortalitie	normal mortalities with an undetermined cause; and		
t II: C		(ii)	the animals have not been in conta comply with the requirements refe		ted species which did not	
Pa	II.6.	Transport requirements				
	Arrangements have been made to transport the consignment in accordance with the provisions laid down in Articles 3 and 4 of Delegated Regulation (EU) 2020/990.					
	II.7.	Labelling requirements				
	Arrangements have been made to identify and label (1) \square [the means of transport] (1) \square [containers] in accordance with Article 5 of Delegated Regulation (EU) 2020/990, and the consignment is identified by (1) \square [a legible and visible label on the exterior of the container] (1) \square [a legible and visible label on the exterior of the means of transport](1) \square [an entry in the ship's manifest when transported by well boat], which clearly links the consignment to this animal health certificate.					
	II.8. Validity of the animal health certificate					
	This animal health certificate is valid for a period of 10 days from the date of issuing. In the case of transport by waterway/sea of aquatic animals, this period of 10 days may be extended by the duration of the journey by waterway/sea.					
	Notes					
			ne Agreement on the withdrawal of th nion and the European Atomic Energ	_		

Protocol on Ireland / Northern Ireland in conjunction with Annex 2 to that Protocol, references to European Union in this certificate include the United Kingdom in respect of Northern Ireland.

Aquatic animals' are animals as defined in Article 4, point (3), of Regulation (EU) 2016/429. 'Aquaculture animals' are aquatic animals which are subject to aquaculture as defined in Article 4, point (7), of Regulation (EU) 2016/429.

Part II of this certificate does not apply to the following aquatic animals:

- live molluscs and live crustaceans which are packaged and labelled for human consumption (a) in accordance with the specific requirements for those animals as set out in Sections VII and VIII of Annex III to Regulation (EC) No 853/2004 and which are no longer able to survive as living animals if returned to the aquatic environment;
- (b) live molluscs and live crustaceans which are intended for human consumption without further processing, provided they are packaged for retail sale in accordance with the specific requirements for those animals as set out in Sections VII and VIII of Annex III to Regulation (EC) No 853/2004;
- (c) molluscs which are packaged and labelled for human consumption in accordance with the specific requirements for those animals as set out in Sections VII and VIII of Annex III to Regulation (EC) No 853/2004 and which are intended for further processing without temporary storage at the place of processing.

This animal health certificate shall be completed according to the notes for the completion of certificates provided for in Chapter 2 of Annex I to Commission Implementing Regulation (EU) 2020/2235.

Part II:

- (1) Keep as appropriate/delete if not applicable.
- (2) Only applicable when the Member State/zone/compartment of destination either has disease-free status for a category C disease as defined in Article 1, point (3), of Implementing Regulation (EU) 2018/1882 or
